"We hope you do this again. It was fun!"

Used extensively for the research of the Clinton City Hall building was a site that contains 19th and early 20th-century Clinton, Iowa newspapers that do not appear in other newspaper databases. I want to thank Jeanne Nitz, the Special Collections Associate at the Clinton Public Library, who shared the Clinton newspaper portal with me. Jeanne also sent digital copies of several 20th-century newspaper articles on the city hall building. She answered many of my questions. I appreciate her help very much. - Ray Bonis, May, 2025.

I just want to say thank you for having so many interesting things going on. I used to use the library as a kid just to check out books and do research but I passed on your chess club info today and I let my husband know we could sign up to use the 3D printer I didn't know you had. What a lot of things to explore.

We're excited to announce that the Friends of the Clinton Public Library has received a \$3,750 grant from the Clinton County Development Association (CCDA).

This grant will be used to buy scanner equipment for individuals to use at the Clinton Public Library as they research local history and their genealogy.

Thank you to the CCDA for supporting this project!
